JOHN HUEBANK, NEGRO PORTER, KILLS ALFRED RAY ON TRAIN; WILL BLAIN WOUNDED IN ROW.

Alfred Ray was shot and instantly killed and Will Blain seriously though not fatally, wounded in a fierce fight on passenger train No. 41 on the Henderson Route, last Wednesday afternoon, while going at full speed about a quarter of a mile west of Stephensport. John Huebank, a colored porter on the train, was in jail at Hardinsburg, charged with killing Ray, and Emma Toller, a negro woman of Evansville, who was a passenger on the train, is held as a participant in the affray, it being believed by some that she shot Blain.

The trouble in which Ray lost his life began, it is said, shortly after he and Blain and three companions, all of them citizens of Stephensport, boarded the train at Hawesville, where they attended a picnic.

Though accounts of the affair are pretty badly mixed, it appears that Ray and his companions caused a general disturbance on the train and tried to take possession of it. According to the story of Richard Stites of Louisville, the conductor, all were drinking and seemed eager to create trouble. Some of the party annoyed their hosts but Stites had some trouble with Ray and Blain in collecting their fares. He was thrown down and choked by the unruly passengers, and badly handled until C. C. Bickel, the newsboy, came to his rescue. The combatants were separated before any serious damage was done to any one, the girls collected, and the men were quieted for a time.

When the Shooting Began.

A little later, John Huetank, the colored porter, had occasion to enter the smoker, where the drunken men were seated. They chased him out and threatened to exterminate every negro on the train. Some of them drew knives on him and Blain shot at him, it is said. They then chased a negro preacher from Owensboro named Prewitt through the train to the tender, where they threw a whiskey bottle at him when trainmen stopped them. The wrath of the party seemed to be centered on Huebank. They pressed him so closely, pinning him into the colored compartment of the smoker, that he turned, drew his pistol and fired. The crowd scattered, leaving Ray and Blain lying on the floor of the coach. Ray was shot through the forehead and killed instantly. Blain was not near his gun. Several shots were fired but nobody seems to know whether Huebank fired all of them or the Toliver woman took part in the affair. The newsboy on the train claims to have seen a pistol in hand just after the shooting, and several passengers are said to have stated that more than one gun was brought into play, but Huebank was the only one who admitted he had a weapon.

Blain and his companions left the train at Stephensport. The shooting created a panic among the passengers and no two told the same story of the affair. Conductor Stites was not

in the smoker when the shooting occurred and does not know who fired the shots.

Ray's body was taken on to Irvington, but was returned later to Stephensport, where his funeral was held Thursday afternoon. He leaves a wife and several children.

Porter and Woman Arrested.

At Irvington Marshal D. W. Henry boarded the train and arrested Huebank, the Toliver woman and the negro preacher. The preacher and the woman were questioned in regard to the affair and then released, but Huebank was taken to Hardinsburg and lodged in jail for safe keeping.

The story of the affair as told above is substantially the same as that given out by Sup. A. M. McCracken, of the Henderson Route, after an investigation of the shooting.

The inquest into the death of Ray was held at Irvington Saturday. It was found that Ray came to his death by being shot by Huebank, who was justified in doing the shooting, in self-defense.

The Toliver woman was remanded last Friday in Louisville at the request of Breckinridge county authorities and taken to Hardinsburg, as some new evidence was learned that seemed to implicate her in the affair. She denies that she took part in it.

The ball with which Blain was shot was extracted from a point near the spine. Entering near the hip bone it passed through about eight inches of the flesh. He is expected to recover.

The feeling in the county is in favor of the negro, though there are a few people at Stephenport who feel it is better to shoot him. The consequence, however, is that he had sufficient provocation.

Trials are Postponed.

Hudlinsburg, Ky., Sept. 5.—(Special)—The case of the Commonwealth vs. John Huebank, the negro porter charged with the murder of Alfred Ray, on a Henderson Route train, near Stephensport, last Wednesday, and of the Commonwealth vs. Emma Toller, an Evansville negro, charged with shooting and wounding Will Blain, were called before Judge Matthias Miller, this afternoon, for the preliminary hearing. The Commonwealth's attorney said that the trial would be delayed on account of the absence of material witnesses. Then the attorneys for the defendants made a motion for bail. "The bond of Huebank was fixed at \$5.00 and of the Toliver woman took part in the affair. The newsboy on the train claims to have seen a pistol in hand just after the shooting, and several passengers are said to have stated that more than one gun was brought into play, but Huebank was the only one who admitted he had a weapon."

The trial of both cases has been indefinitely postponed, the day of the trial to be agreed upon later by the attorneys on both sides. Dr. Will Wimp of Stephensport, who has been attending Blaine, who is the principal absent witness, says he will be able to attend court in about three weeks.

Good Attendance at Public School

The Cloverport public school opened Monday morning with a good attendance. Prof. J. P. King, principal, Edmund Wroe, Miss Jennie Patterson and Miss Maggie Wroe, first, second and third assistants, respectively, compose the efficient faculty. The feature of the opening is the change in the school books, according to the new State school book law.

Catarrh

Is a constitutional disease. It originates in a scrofulous condition of the blood and depends on that condition.

It often causes headache and dizziness, impairs the taste, smell and hearing, affects the eyes, lungs and heart. It is always radically and permanently cured by the blood-purifying, alterative and tonic action.

Hoof's Sarsaparilla

This great medicine has wrought the most wonderful cures in diseases depending on scrofulous or the scrofulous habit.

World's Rulers Pay Tribute To Theodore Roosevelt, Peacemaker.

Oyster Bay, Aug. 30.—Crowned heads of the world unite with distinction in a glorious display of peace between Russia and Japan to President Roosevelt. Throughout last night and to-day telegrams of congratulations poured upon the President in a great flood. Among the first messages received was one from the King of England, as follows:

—Marinad, Aug. 29.—The President:

—Let me be one of the first to congratulate you on the successful issue of the peace conference to which you have so greatly contributed.

Edward L. R.

Soon afterward a notably cordial telegram was received from Emperor William of Germany. It read:

—Neus Palais, Aug. 29.—President Theodore Roosevelt:—Just received cable from America announcing agreement of peace conference on preliminaries of peace. I am overjoyed to express most sincere congratulations at the great success due to your untiring efforts. The whole of mankind unite and will do so thanking you for the great boon you have given it.

HOW FARMERS ARE
MAKING BIG FIGHT.A. S. of E. to Continue Its Struggle
Against Tobacco Trust.—In the
Wheat Market Farmer is Factor.

Tobacco cutting is in full swing throughout the Green river section. Reports vary as to what per cent of a full crop has been produced, such as the Owensboro crop is largest. Most of the growers will maintain that the figures given out early in the year as to the acreage were correct.

The farmers assert that the unusually wet season has further curtailed the crop, drowning out many whole crops and severely damaging many others. The members of the American Society of Equity feel more confident than ever of finally winning in their fight against the tobacco trust.

The American Society of Equity proposes to continue the fight with all the vigor of last winter. Very little of the tobacco deposited in Equity warehouses in Owensboro has been sold, but the officers of the society say that they will dispose of it in time to make room for the new crop. The manager of one of the Equity houses in Owensboro stated yesterday that no Equity tobacco has been disposed of thus far except comparatively small quantities of inferior grades. This has been shipped to Louisville.

The farmers have already shown holding qualities which many people thought impossible at the beginning of the struggle a year ago. Definite plans for handling the new crop have not been announced, but the committees in charge will form some adequate arrangement for holding the crop unless the market should open at prices which they feel are equitable.

New Force With Which Trade
Does Not Know How to Deal.

A Chicago dispatch says:

"A new and more serious apparent in the wheat market than the former of the West is this year a cardinal factor. He is in the almost anomalous position of a man who can wait until he gets what he wants. At least he figures it out that way and is doing plenty of waiting. In consequence, he has injected a new controlling influence into the market that the trade does not know how to deal with."

"That is one of the main explanations for the hesitating, timid operations of the week. There was the keenest kind of interest and more than the usual vigilance on the progress of events, but the sum total of business for the week shows a marked falling off. Deals were few in number and on a smaller scale. If the market of the spring wheat country shows the same kind of independence as his neighbor in Kansas and big winter wheat states, there will be still more certainty in dealing with him."

"The weather in the North west and advances that staved wheat was suffering in Kansas brought about a temporary type, but the week's end showed a net loss in all the options of practically a cent. Apparently, the trade has made up its mind about the total yield of winter and spring wheat. For that reason the bearish estimate of H. W. Jones, who figures a possible crop of 624,000,000 bushels, did not have any material effect. Mr. Jones is 75,000,000 bushels short of the figures suggested by the government's latest report."

Thousands Have Kidney Trouble
and Don't Know It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours. If there is any sediment or floating particles, an unhealthy condition of the kidneys is evident. Your line is also evidence of kidney trouble; too frequent desire to urinate and pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.

There is comfort in the knowledge so often expressed, that Dr. Klimmer's Swamp-Root is the best remedy for every evil with which rheumatism, rheumatism of the back, kidneys, liver, bladder and every part of the urinary passage. It corrects irritability to the kidneys, and in passing wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The result of the ordinary effect of Swamp-Root is soon realized. It stands the highest for its won-derful curative power in almost every case. If you need no medicine you should have the best. Sold by druggists in 50c. and \$1. sizes.

You may have a sample bottle of this wonder drug to discover for yourself. It is a book of 100 pages, tell me more about it, both sensible and absolutely free by mail.

Address Dr. Klimmer & Co., 100 W. Main Street, Louisville, Ky. We are sending this generous offer in this paper.

"You make any mistake but remember the we. Swamp-Root, Dr. Klimmer's Swamp-Root and the address, Binghamton, N. Y. by both."

on conditions. If any great confidence has been placed in his calculation, there would have been lively action on the door of the exchange.

"Europe is digesting all these glowing stories from North America, and sees no reason for anxiety, even if they have cause to apprehend smaller shipments this year from India, Russia and Australia. Europe is contentedly waiting. So is the American farmer, and if he keeps on doing so, undisturbed by any fears that he will not be able to market his wheat at prices as good as or better than those prevailing, Europe may begin soon to look with less equanimity upon the question of world supplies. Much will depend in the next few weeks upon the attitude of the spring wheat farmer—the attitude of the man who grows his grain.

Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence Co., N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended, but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, had passed a brick dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." Sold by A. R. Fisher.

Office Seeking the Man.

S. W. BASSETT.

With Mr. Bassett, who is a candidate for deputy sheriff on Dennis Shearman's ticket, it is a case of the office seeking the man. As has been stated in these columns, Mr. Bassett did not want to make the race, but was prevailed upon to do so by his friends.

In British, a small Northumbrian village in England, a curious old custom is still observed in connection with the letting of certain land. The ceremony is held in different licensed houses in the vicinity, and the ceremony is known as "the opening of the box." The company, chiefly consisting of local farmers, is seated round a large table. Presently one of them rises and bids a certain amount, immediately walking round the table and out of the door. If this is done twice, the box is open; if three times, the man is left for the season; if not, bidder No. 2 continues the walk, and so on. This curious auction occupies some considerable time and causes great excitement.

An English magazine tells a court story. A counsel in the middle of his cross examination was handed a telegram. "Hello," said he, as he read it, "So-and-so has won the Derby." "Mr. A.," said the judge severely, "you are guilty of the crime of solemn judicial proceedings, where a man's liberty and reputation are at stake, you should be talking of the winner of a horse race. Er by the way, does the telegram say which were second and third?"

The Weight of the World.

A cubic foot of earth weighs about five and a half times as much as a cubic foot of water. A cubic foot of earth weighs 220,000,000 tons. The volume of the earth is 230,000,000,000,000 cubic miles. The weight of the world without its atmosphere is 6,000,000,000,000,000,000 tons. If we add to this the weight of the atmosphere above we get a grand total—6,000,255,810,000,000,000 tons.

This—Plaster.

Paper Hanger—We'll have to paper right over the old paper. We can't get this paper off without taking the plaster off with it. Overhanging eaves, cornice—what do you stick the paper sticks to the plaster? Paper Hanger—No, because the plaster sticks to the paper.

The Clerk Was Right.

"Well," said Wyman, as he vainly tried to get into a No. 12 shoe with the aid of four shoe horns, "the clerk that sold me these shoes was right. I should have worn the box."

THOUGHTS.

"How happy the man who can attain renown, whose name can be written high for all the world to read, who can enlist the admiration, the commendation and the praise of all mankind, and who can know and feel in his heart that he is not merely gratifying a selfish desire for distinction, but that he is giving inestimable pleasure to a great multitude of friends. 'Not what he does, but what he has become,' Carlyle says." Elihu Root.

JAPAN won her greatest victory at Portsmouth.

The whole world is offering thanks to President Roosevelt.

A forty-story hotel is to be erected in New York city. The roof will be 500 feet above the pavement.

It is said only one man in a million has an opportunity to achieve greatness by a single act. Roosevelt is that man.

What if a nation have peace with all the world, and hath it not at home, of what profit is it? This is Ruskin's condition.

The candidates were very much in evidence at the Masons' lecture, and every one of them said he was sure of being elected by a safe majority.

The man who will hurl a rock into a moving train endangering the lives of innocent men, women and children, - hanging is none too good for him. It's a heinous crime and the guilty parties should be run down and punished.

The battle of New Orleans was fought two weeks after the treaty of Ghent was signed. This battle made Andrew Jackson famous. Last week, when peace was declared at Portsmouth, the news was flashed around the world in twenty minutes. And not a soldier of either Linevitch or Playas dared fire a gun. This shows what a fighter the telegraph is in war and the business of the world.

SAM BASSETT, the clean, capable, honest citizen, has been prevailed upon to accept a place on the Republican ticket for sheriff. He has held the office of deputy for two terms and his record for fair-dealing and strict attention to duty as an officer cannot be questioned. He will not only lend strength to the ticket, but character. We congratulate Mr. Sheeran and the Republicans of Breckenridge county on their wise choice.

PRESIDENT ROOSEVELT, in reply to a telegram of congratulation from Mayor Behrman, of New Orleans, wired: "No telegram has touched me so deeply as the telegram from you, showing that in the midst of her great trial New Orleans is so keenly alive to all that affects the interest of the world and the honor of our own country. You have given fit expression to the feelings of your brave and gallant people, for only those with lofty souls can in the midst of their deep grief find time to think of others. I trust I need not say how deep and constant my anxiety is for the welfare of your city and state."

MOUNT ESKURGE, if he be the oldest of all the candidates now before the people, don't say that he is, is not behind the youngest of them in getting around and seeing the people. He is the most enthusiastic of them all and seems to be in real dead earnest about wanting the office. No man or woman escapes him. Democrats and Republicans all look alike to him and he wants their votes. We like a man, not ashamed of his business or of his calling and not afraid to approach men in his own behalf. The man's got a good heart in him that can do this and deserves the consideration of his fellow men.

An unprecedented harvest is what the Agricultural Department's crop report figures out for this country. The wheat crop is the best in the history of this country with the single exception of 1901. Corn in that year was a poor crop, while this year it is to be the greatest on record. The total yield of wheat is estimated at 710,000,000 bushels and notwithstanding this immense yield the price remains high because the rest of the world has a shortage. Last year we sold little abroad because our own crop was below the average and we had more people at home to eat it. This year the price will be kept up for the reason we will send one hundred million bushels abroad. Think of a corn crop well up to three millions of bushels; enough to give every man, woman and child in this country thirty bushels each. Not many years ago, corn was selling in the West at \$1 and 10 cents a bushel on the farm and was largely used for fuel. Now it sells for as much as wheat once brought. It is believed that the farm value of corn alone will exceed a billion dollars. Farmers don't have to sell their corn on the spot like they do wheat. They can crib it and pen it and keep it during the winter for feeding stock and grinding.

Just think of the farmer having a billion dollar bank account to draw on. And that is what they will have in their corn crop alone, this coming winter. It is not only their corn crop, but all other crops that are good. All this has a bearing upon trade and traffic. Give the farmer good crops and good prices and he lets his dollar loose and everybody feels it. He pays his debts, he buys more goods for his family, improves his home and his farm, builds wire fences, travels more and spends more, and has a little surplus cash to put in the banks. How any man or set of men can see anything to "knock" against now, is past our understanding.

HAY FEVER

"Ice Cake" and "Tomato Catsup"

John Beiser, night watchman at the J. T. Polk company's branch, recently here, was fined \$25 and costs in police court Monday morning, by Judge Wiles, for carrying a pistol concealed. Beiser was arrested late Saturday night while in the business part of town.

If Beiser had been attending to his duties at the cannery as watchman, he would not have been in town at this time, he claims.

He came up town, he says, just to get himself some tobacco but got "a drink or two too much." He was at the English Kitchen and there met Nance Ryan, engineer at the Cloverport Water, Light & Ice company's factory. He spoke to Ryan and addressed him as "Old Ice Cake." Ryan, in reply, called Beiser "Old Tomato Catsup" and turned his back on him. While his back was turned Beiser, apparently insulted by the name Ryan gave him, pulled out his revolver, and, being drunk and not knowing what he was doing, pointed it at Ryan and attempted to fire. But it had a safety trigger and, somehow, he could not make it go off, and it only snapped at him. Ryan says he don't know what Beiser was "mad" about.

He was sixty-six years of age and married.

Mr. Perkins is survived by his parents, Mr. and Mrs. Perry Perkins, of this place, and the following brothers and sisters: Wm. Perkins, of Cloverport; James, Richard and Geo. Perkins and Misses Sally, Mina and Mary Perkins.

The deceased had the name of being one of the best young men in this part of the country.

The funeral was held Monday, the interment being at Tau's cemetery.

Short Hardinsburg News Notes.

Hardinsburg, Ky., Sept. 5.—(Special)—Joseph Teaff will race to the ground the old brick building on Main street, near the postoffice, and erect on the lot a handsome one story brick store house, 48x70 feet. The building will be completed this fall.

C. V. Robertson will commence, in a short time, the erection of a fine residence on his lot at the corner of Main and First streets. James Lewis

and Herndon, of Henderson, the beautiful lawn was brilliantly illuminated with Japanese lanterns and the spacious parlors, walls and dining room elaborately decorated in white and green, the graceful and effective white clematis used in profusion. Mrs. Wimp was assisted in receiving by Mrs. Mac Neidon, Mrs. Jesse Herndon and Miss Eva Herndon. Refreshments were served in the dining room, Miss Herndon and Miss Lelia Tydings presiding at the irrappe bowls. Guests attending from out of town were: Mr. and Mrs. Mac Herndon, Miss Anna May Herndon, Henderson; Mrs. Blaylock and Miss Margaret Clayton, St. Louis; Miss Lelia Tydings, Miss Ada Drury and Willie Parish, Louisville; Mr. and Mrs. W. G. Full Post, Miss Dr. Moreau, Henderson and Overton; Blanche Bewleyville. Mrs. Blaylock is a brilliant pianist and her playing was a feature of the evening.

Mr. Chas. Cottrell and family, of Pensacola, Florida, arrived here Monday night to visit his sister, Mrs. Geo. W. Snort. Mr. Cottrell will be here for two or three months and while here will open a picture gallery at the Coliseum Building. Mr. Cottrell is a fine artist and known in his business. This will be an unusual opportunity for those who want good pictures either of themselves or family or views of their houses, to get them.

SAWMILL MAN PASSES AWAY.

Death Comes to H. C. Perkins at Mattingly, At Age of 36.

Mattingly, Ky., Sept. 5.—(Special)—H. C. Perkins, who has been in the sawmill business in Breckenridge county during a large part of his life, died Sunday at the home of his brother, Jas. Perkins, at this place. He had been in failing health for two years and in a serious condition for several weeks. He is supposed to have had a form of stomach trouble and had been at the Ta Springs and had taken treatment in Louisville, but did not get any relief. He was thirty-six years of age and married.

Mr. Perkins is survived by his parents, Mr. and Mrs. Perry Perkins, of this place, and the following brothers and sisters: Wm. Perkins, of Cloverport; James, Richard and Geo. Perkins and Misses Sally, Mina and Mary Perkins.

The deceased had the name of being one of the best young men in this part of the country.

The funeral was held Monday, the interment being at Tau's cemetery.

Murray-Ferry Wedding.

Regarding the wedding of Miss Allene Amanda Murray and Mr. Fred Ferry, a brief account of which appears on another page, the Hardinsburg correspondent of the News says, in part, the following:

The bridegroom is Miss Minnie Murray and Mr. David Murray, a cousin and a brother of the bride. Miss Neil Moorman played Mendelssohn's wedding march and Mr. Charles Moorman sang "Oh, Promise Me." A reception followed and refreshments were served the guests. Mrs. M. H. Beard and Miss Jenille Green presided at the punch bowl. In cutting the wedding cake, Miss Elizabeth Skillman, of Cloverport, disclosed the darning needle.

"Miss Murray is a talented, elegant young woman with a wide circle of friends throughout the state, who esteem her highly. Mr. Ferry is one of the best known and most successful young business men of the county, whose sterling character has won the good will and friendship of all who know him."

"The out-of-town guests who attended the wedding were: Mrs. Ferry, Cloverport; Mr. and Mrs. Frank Ferry, Mrs. David W. Fairleigh, Louisville; Mrs. A. R. Fisher, Miss Elizabeth Skillman, Mrs. Charles Moorman, Cloverport; David Murray, West Point; Miss Jenille Green, Falls of Rough; Mr. and Mrs. M. H. Beard, Miss Minnie Murray, Henry DeH. Moorman, John P. Haswell, Mr. and Mrs. H. H. Hunt, of the Hunt, Cannelton, Ind.

The wedding was a success.

The following resolution was adopted by the Breckenridge Association of Baptists at its third annual session here last Wednesday and Thursday.

"In view of the horrible calamity which took place upon an east-bound train, passing through Cloverport, while an accident was sustained, we call upon the good citizens of Hardinsburg and its surrounding community to obviate itself from the damning whisky traffic which brought about this calamity. We feel free to make this petition because this calamity, caused by the whisky traffic in Hardinsburg, has fallen upon some of our homes and properties."

"Resolved: That a committee be appointed to the city council of Hardinsburg and to have them published in the papers of the two countries.

No Quarantine in State.

Regarding the report to the effect that the Kentucky state board of health had quarantined against refugees from the South, Dr. J. M. McCormack, secretary of the state board, has given out the following interview:

"Kentucky has not established a quarantine, but has simply extended its regulations of August 3, so as to require that no railroad or steamboat company shall furnish transportation to or bring into this state any person from any of the infected districts of Louisiana or Mississippi who do not hold a certificate from some proper state or United States health official that he has remained at one of their detention camps for at least seven days. All of the lines from the South have been notified of this regulation and it is now in full operation." It is easy to relieve a cough or cure a cold after a copious evacuation of the bowels. Kennedy's Laxative Honey and Tar is the original Laxative Cough Syrup. It acts on the bowels—expels all cold from the system, and cures coughs by removing the cause. This remedy clears the phlegm and strengthens the mucous membrane of the throat, chest, lungs and bronchial tubes. The honey bee and the red clover blossoms are in every bottle of Kennedy's Laxative Honey and Tar, the original Laxative Cough Syrup sold by all Druggists.

Rockefeller to Surprise County.

New York, Aug. 30.—On what is slated to be the last of authority, the Herald today says that Andrew Carnegie will be giving gifts of money for educational and charitable purposes which will far surpass any contributions he has heretofore made. His methods selecting objects for beneficence have been changed, however, and here after they will be made largely upon the advice of his son, John D. Rockefeller, Jr., and according to what is learned by the younger man when he was in Europe a few months ago.

"Pat" Masterson Heavy Loser.

In a \$4,500 suit at Troy, Ind., last Wednesday morning, "Pat" Masterson, formerly of Cloverport, was a heavy loser. A sale stable of Mr. Masterson's and the roof and interior furnishings of the Riverside Hotel, of which he is the proprietor, were destroyed by fire and water. Hill's lively stable was destroyed and the Knights of Pythias hall slightly damaged.

WAS A VERY SICK BOY

But Cured By Chamberlain's Colic, Cholera and Diarrhea Remedy.

"When my boy was two years old he had a very severe attack of bowel complaint, but to the use of Chamberlain's Colic, Cholera and Diarrhea Remedy we brought him out all right," says Maggie H. Cox, of Midland, Mich. This remedy can be depended upon in the most severe cases. Even infant intussusception is cured by it. Follow the plain printed directions and a cure is certain. For sale by Snort & Hayes.

To Investigate Juggling.

Washington, Aug. 31.—President Roosevelt in a letter to Representative John Wesley Gaines promises that there will be a searching investigation of the juggling of tobacco statistics Mr. Gaines, who is here, says the president's promise is unqualified, and as strong as language can make it.

J. P. Kilbrow, the recently appointed tobacco agent of the department of agriculture, was granted thirty days in which to prepare for taking office. The appointment came as a surprise to him, and found him busy with his tobacco crop.

Handsome Automobile Here.

A party of Evansville people, consisting of two ladies and two gentlemen, passed through the city last Wednesday morning in a large touring automobile, en route from Louisville to Evansville. They made the trip to Louisville on the Indiana side of the river. They made the return trip on the Kentucky side because the hills are not as difficult to climb as on the other side. The automobile was the largest and handsomest ever seen here.

Warm Canvass Will be Made.

Henry D. Moorman, of Hardinsburg, is at the Seelbach. Mr. Moorman is the Democratic nominee for County Judge of Breckenridge county. He said that a warm canvass will be made over the county this fall by candidates on both sides. While Breckenridge county is considered a close county, he said, the Democrats feel confident of carrying it this fall—Fridays Courier.

"Kentucky has not established a quarantine, but has simply extended its regulations of August 3, so as to require that no railroad or steamboat company shall furnish transportation to or bring into this state any person from any of the infected districts of Louisiana or Mississippi who do not hold a certificate from some proper state or United States health official that he has remained at one of their detention camps for at least seven days. Prices of Barley and Oats Set.

The American Society of Equity has issued, from the national union, the 1905 oats and barley bulletins. The yield of the oats crop in this country is estimated at 870,000,000 bushels and all set growers are urged to mark their crops at a minimum price of thirty-five cents per bushel. The yield of the barley crop is estimated at 127,500,000 bushels and a minimum price of forty-five cents per bushel is recommended.

Chamberlain's Cough Remedy Acts on Nature's Plan.

The most successful medicines are those that aid nature. Chamberlain's Cough Remedy acts on Nature. Today we may have a cold and it will tally the cough before the lungs, and by exertion, the overactions, and a cold in nature is restored to the system to a healthy condition. Thousands have testified to its superior excellence. It counteracts any tendency of a cold to result in pneumonia. Price 25 cents. Large size, 50 cents. For sale by Short & Haynes.

Entertained at Rockport.

Mrs. W. P. Eigemann entertained at encore Tuesday evening in honor of her guests, Miss Ruth Haynes of Cloverport, Ky., and Miss Simpson of Nicholasville, Ky. (Ind.) Democrat.

Range of the Honeybee.

"The range of honeybees is but little understood," said an authority. "Many suppose that bees go for miles in quest of nectar, while others think they go only for a short distance. It may be curious to many to understand how any one can tell where the bees are, but this is simple when understood. Years ago when the Italian bees were first introduced in the United States, these bees, having marks different from the common bees already here, were easily distinguished, and when the Italian bees were introduced, the Italian bees could be observed and their range easily noticed. If honey is plentiful close to where bees are located they will go very far, perhaps a mile or more, but if it is scarce they may go five miles.

It is not known exactly as far as they may go profitably. Bees have been known to go for as eight miles in a straight line, crossing a body of water, that distance to land."—Milwaukee Free Press.

The Power of a Voice.

Stories should to illustrate the power possessed by great speakers and actors to stir the emotions by the tones of the voice. It is said of the elder Booth that he brought tears to the eyes of many upon one occasion by the way in which he uttered the opening words, "Our Father" of the Lord's Prayer.

A story is told of the great Irish orator, O'Connell. An attack had been made upon him, and he was severely wounded. When O'Connell arose to speak, his left hand was limp with pain, and his arm uplifted as if to strike. Then, checking himself, he said, "But the gentleman says he loves Ireland." Lowering his tone to the rippling murmur of a summer brook, he continued, "I have a speech of bitter words to speak for an hour, but I love Ireland." The paroxysm in the fragmentary utterance of the last word brought tears to the eyes of many veterans of the house.

A Double Meaning.

A good story is told of a famous English engineer. An attorney went to him when he first began his career to ask him an opinion as a civil engineer. After the opinion was given he inquired, "How much fee and when?" and it was 25 guineas, which he accordingly paid. Some years later, when the civil engineer had acquired a reputation and had made a fellow of the Royal Society, the same attorney went up to him for an opinion, and when he had given it, the attorney said, "How much fee?" and at the same time I was here I paid you 25 guineas, and so I have brought a check for that amount." The engineer looked at him and asked him if he knew what F. R. S. meant. "The man you are speaking of," he said, "is a member of the Royal Society." "Yes," said the engineer, "and it means also, 'Fee rated since.'"

Ayer's

You know the medicine that makes pure, rich blood—Ayer's Sarsaparilla. Your mother, grandmother, all your folks, used it. They trusted it.

It's doctors trusted it. Your doctor trusts it. Then trust it yourself. There is health and strength in it.

"I suffered terribly from indigestion and thinness, but I took Ayer's Sarsaparilla. Four bottles per month. I am now well again." Mrs. J. B. Hart, Mt. Kisco, N.Y.

5000 bottles a day are sent to all parts of the world.

Rich Blood

Ayer's Pills are gently laxative. They greatly aid the Sarsaparilla.

LITTLE ONE ONE SOLID SORE

Covered With Scales and Scabs, From Head to Foot—Doctors and All Other Remedies Fail—Skin Now Smooth and Clear.

ANOTHER WONDERFUL CURE BY CUTICURA

Writing under date of Sept. 7, 1904, Mrs. Mattie Shaffer, of Cumberland, Miss., says: "Some time ago I ordered and received your wonderful Cuticura Remedies, which I used on my little afflicted babe with wonderful results. I had tried many other remedies without success, however, and Cuticura came to the rescue when my doctors and all other remedies had failed. One doctor pronounced it incurable, the other even said

The little one was one solid sore, with scales and scabs from head to foot, which had been caused by a Cold and Ointment. The result was wonderful, and now my baby's face and body are smooth and clear."

(Signed) Mrs. Mattie Shaffer.

THE DUTY OF MOTHERS

At the First Sign of Disturbing Humors It is Use Cuticura.

Every child born into the world with an inherited tendency to torturing, distressing humors, is subject to Scalp, body, and head, the object of the most tender solicitude, not only because of its suffering, but because of the fact that the child's future happiness is to lie among and but its future

security, as the duty of mothers to such children, is to accustom them to live with the best, the purest, and most effective treatment available.

Miss Anna T. Tracy, of Louisville, and gentle bathings with Cuticura Soap, and gentle bathing with Cuticura Ointment, the great Skin Cure, Cures made in the home, quickly, perfectly, and at economy.
